Washington, D.C. 20501

Dear Senator Cornyn,

We are writing to express C.T. Jones Insurance Agency's support of the Alabama-Coushatta Tribe of Texas and their ongoing efforts to get H.R. 759 successfully passed. The Tribe has been a friend and business partner to our agency for over 30 years and we feel that they are an instrumental foundation of Deep East Texas.

We support the Tribe's commitment to the passage of H.R. 759. The return of gaming on the reservation has shown to have great economic value to our region. Not only has The Alabama-Coushatta Tribe of Texas and Naskila Gaming brought jobs to our region, they have boosted the overall economy as a whole due to the influx of individuals coming to the region and spending tourism dollars.

We strongly feel that the passage of the bill will be most beneficial to all involved. Your hard work and initiative in regards to this matter are greatly appreciated as we all have a common goal in a very worthwhile endeavor.

Sincerely,

Mark T. Jones
